

Andrew Kemp

Head Injury Survivor
and Volunteer

About Me:

Having experienced a significant head injury over 20 years ago, I believe that I have built up a significant understanding of the issues that other clients and families require advice and support with.

My involvement with Ability Case Management aims to enhance their person-centred approach. I will attend company meetings and I am involved in reviewing documentation and processes.

About my involvement with various organisations:

Ability Case Management

I have been involved with Ability Case Management for a number of years both as a client and a head injury volunteer/head injury survivor.

Headway Hull & East Riding

For the past 15 years I have been a member of Headway Hull & East Riding and for the past 5 years have also been a committee member of Headway Hull & East Riding.

Throughout my involvement with Headway, I have assisted with the building and maintenance of the group website and Facebook/Twitter systems.

The Scout Movement

For the past 25 years I have been a scout leader involved in the organisation and running of various scouting activities.

Qualifications:

BSc Geography (Hons)

MSc Internet Computing
