## The Best of Bury Members

A very Merry Christmas from all the team at Ability CM. Here's a picture from our Christmas day out. We all enjoyed a game of bowling at Roxy Ballroom, the winners were Ed & Natalie! We then enjoyed some lovely food and drinks at Banyan. What a lovely night enjoyed by all!

**We are delighted to announce that we are now members of the best of bury!**

The Best of Bury covers Bury, Whitefield, Ramsbottom, Prestwich and Tottington and we will be listed alongside some other great companies in the area.

## Christmas Quiz

Congratulations to David Lowe for winning the Team Ability CM online Christmas Quiz. Taking over the crown from last year's winner Ryan Mills!

We believe that with our membership it will add even more reassurance to clients/families and refers.

## Client Stories

### Olá from Portugal

Our client has recently come back from a successful trip abroad, this was his first time abroad since he had his accident. He was given a date and time of when his father was stopping off on his cruise and with the help of Kirsty, we made this happen. This was the first time our client has seen his father since his injury! Our client reported he had the best time and made precious memories that will last a lifetime!

### Walk, Run, Cycle for Headway!!!

This year Ability CM raised £900 for Headway Bury. Our Manager David Lowe is doing the Ribble Valley 10k during Christmas break, rather than us in these elements but good luck!

## Calvert Reconnections

We had the delight of having Calvert Reconnections join our meeting to give some insight on their amazing Rehabilitation Facility in Keswick. It sounded incredible with a different approach to Rehabilitation, I mean who wouldn't want to be in Keswick. We will certainly consider for future referrals.

A big thankyou to Dr Penny Traynor for introducing us to Goals Manager. Goals manager is a clinical tool to help save clinicians time to collaboratively record goals data with other professional whilst maintaining those important goal standards of practise. We are looking forward to trialling this some of our clients
